Macca's Brings Cult Breakfast Favourite McGriddles to New Zealand

### **Auckland, New Zealand (11.03.26)**

McDonald's fans around the world have long loved them - and now Kiwi breakfast lovers can finally wake up to the sweet-and-savoury goodness of McGriddles, landing on the menu at Macca's restaurants across New Zealand.

The popular breakfast item features soft, fluffy griddle cakes infused with a hint of maple flavour - a delicious cross between a hotcake and a classic McMuffin that's guaranteed to turn your AM into AMmmmm.

McGriddles are now available in three delicious breakfast combinations in New Zealand: Bacon and Egg McGriddles, Sausage and Egg McGriddles, and Sausage McGriddles – a tasty way to kick-start the day.

Whether you're an early riser or a serial snoozer, the irresistible mix of sweet and savoury makes McGriddles well worth rolling out of bed for.

"We got the message, and we're excited to welcome McGriddles to our iconic breakfast menu line-up," says Luke Rive, Director of Marketing.

"Whether you're grabbing brekkie on the go or taking a moment to ease into the day, McGriddles offer a delicious new way to start the morning."

McGriddles are available at McDonald's restaurants nationwide and via McDelivery®, from today - and they're here to stay.

### **About McDonald's New Zealand**

New Zealand's first McDonald's restaurant opened in Porirua in 1976. Today there are over 170 McDonald's restaurants across New Zealand, 85 percent of which are owned and operated by local business men and women. The organisation employs over 11,000 people in restaurants nationwide and is one of New Zealand's largest employers of youth. In 2022, McDonald's spent more than \$214 million with local suppliers, while New Zealand producers exported over \$384 million of food to other McDonald's markets around the world. McDonald's is the primary supporter of Ronald McDonald House Charities New Zealand, who keep families close while their children are in hospital.
